Experience

Undergraduate Research Assistant
UNC Charlotte College of Computing and Informatics

Worked virtually as a research assistant under Dr. Mary Lou Maher in the Human Interaction Lab on a research project titled "Making the Truth Louder" which focused on creating design methods to mitigate the sharing/spread of false information on social media platforms.

Projects

Weather Bot
https://github.com/marleyjenkins4/WeatherBot
- Javascript Project using Twilio, Weather.js, and Node.js Framework where the user enters commands to receive information about the weather in the Rock Hill Area

Kirby Game Site
https://github.com/marleyjenkins4/Project3
- HTML/CSS/SASS/JAVASCRIPT Group project created based on an assignment to create a community for gamers. This site allows users to explore more information about Kirby as well as post their own fanart for others to see

Charm Tracker
https://github.com/Gerald-Wheaton/Charm-Tracker
- Javascript Project using Meteor, MongoDb, and React created for Southern Charm located in Rock Hill, SC. Calendar application that allows users to create events and vendors for wedding events.

Hackathon Participant
- Worked in a team that created a google chrome browser extension to remind users to take a break from their computers when needed.

Volunteer

- Assistant for St James Presbyterian Church Hands Of Christ School Supply Drive (August 2018, August 2019)
- Volunteer for Embracing U Cancer Organization (October-December 2019)
- Food Distributor Volunteer for Tri-County Ministries (May 2021-June 2021)
